GARBAGE AND RECYCLABLES COLLECTION SERVICE IN NORTH FAIR OAKS

Garbage and recyclables collection services to properties in County Service Area No. 8 (North Fair Oaks area) are provided through a Franchise Agreement between the County of San Mateo and Recology San Mateo County (Recology). The County generates the revenue to pay the collection service provider for the minimum level of service required by the County Ordinance Codes by charging each affected parcel (any parcel containing a dwelling unit) a minimum charge for garbage and recyclables collection on their property tax bill. Commercial parcels and any additional services above the minimum charge on the property tax bill are billed directly by Recology. The County Ordinance Code ("Title 4, Sanitation and Health, Chapter 4.04 Garbage Collection and Disposal") defines the Minimum Levels of Service for County Service Area No. 8 parcels as:

- ▶ **Residential parcels** (one to four dwelling units): one (1)-64 gallon cart or two (2)-32 gallon carts per dwelling unit.
- ▶ **Apartment House parcels** (more than four dwelling units): one (1)-32 gallon cart per dwelling unit.
- ▶ **Mixed Residential/Commercial and Industrial parcels:** one (1)-32 gallon cart per residential dwelling unit and one (1)-32 gallon cart per business.
- ▶ **Commercial parcels:** one (1)-32 gallon cart per business.

SOUTH BAYSIDE WASTE MANAGEMENT AUTHORITY

South Bayside Waste Management Authority (SBWMA), also known as Rethinkwaste.org, is comprised of 12 member agencies: Atherton, Belmont, Burlingame, East Palo Alto, Foster City, Hillsborough, Menlo Park, Redwood City, San Carlos, the City of San Mateo, the County of San Mateo, and the West Bay Sanitary District. Each member agency has its own franchise agreement with Recology for garbage and recycling collection services within their jurisdictions. The SBWMA provides coordinated waste management related staff services to member agencies, and manages the operations of the Shoreway Environmental Center in San Carlos.

PROPOSED RATE INCREASE

The SBWMA compiled data from the Recology compensation application, data from South Bay Recycling (Shoreway Environmental Center operator), and information regarding member agency fees and other associated costs into a consolidated rate report. You can review the report at www.rethinkwaste.org/uploads/media_items/092817-agenda.original.pdf.

To make adjustments for the 2018 rate year, Recology was required to submit a contractor's compensation application based on actual services provided in 2017, the reconciliation of the actual revenue received for 2014-2016, and the estimated costs for providing services in 2018.

The Office of Sustainability (Office) conducted an additional analysis of the rates based on the SBWMA 2018 Rate Report, the projections of costs until the end of the contract term (2020), and the revenue collected from commercial and residential accounts. Based on this analysis, the Office is not recommending increases to commercial bin rates and a 5.0% rate increase for carts (32 and 64-gallon sizes). The Office's analysis reviewed residential and commercial rates individually to better align the garbage rates with the actual costs to provide recycling and garbage services.

The current rate for two (2)- 32 garbage carts or one (1)- 64-gallon garbage cart for one to four residential dwelling units is \$29.45, and the proposed rate will be \$30.93 per month. This represents an increase of \$1.48 per month for the minimum level of service for residential dwelling carts.

The recommended increase in cart rates would be effective on February 1, 2018. The collection service charges based on the proposed rates will appear on the property owner's tax bill for FY 2018-19 for all parcels with dwelling units, pursuant to County Ordinance Codes 4.04.200 and 4.04.220, and any additional elective services will be billed directly by Recology. Commercial parcels without dwelling units will continue to be billed by Recology for all services. Additionally, any **Unscheduled Services** (per service type and fee table) requested by the customer will continue to be billed directly to the customer by Recology.

Unscheduled Services are generally those additional services that are specifically requested and paid for by the ratepayer, in addition to the basic collection service charges. The franchise agreement allowed for a Consumer Price Index increase to the **Unscheduled Services Fees**. These **Unscheduled Services Fees** are effective January 1, 2018.

WHAT DO THE PROPOSED GARBAGE AND RECYCLABLES RATES PAY FOR?

- ▶ **Residential weekly curbside collection for garbage, recycling and organics**
- ▶ **Commercial weekly collection for garbage and recycling**
- ▶ **Used motor oil and oil filter collection**
- ▶ **Two free-"On-Call" bulky item pick-ups,**
Reminder: Recology will not pick up bulky items left near your carts. This service is a scheduled service.
- ▶ **Curbside cell phone and battery collection**
Reminder: Batteries should not be placed inside your blue cart. Place on top of cart in a clear plastic bag.
- ▶ **Holiday Tree recycling**
- ▶ **Free Mattress recycling at Shoreway for residents**
- ▶ **Free Electronics and small appliance recycling at Shoreway**
- ▶ **Once-per-year free confidential document shredding event**
- ▶ **Energy-efficient, cleaner emission garbage and recycling collection trucks**
- ▶ **Operation of the Shoreway Environmental Center for waste and recycling**

PUBLIC HEARING

The Board of Supervisors has scheduled a Public Hearing on **Tuesday, February 13, 2018 at 9:00 a.m. in the Board Chambers, located in the Hall of Justice and Records, 400 County Center, Redwood City, California**, to consider adopting a resolution for the proposed garbage and recyclables collection service rates for County Service Area No. 8 (North Fair Oaks area). The proposed rates are listed in this notice and on the website for the Board's Agenda for their meeting: <https://sanmateocounty.legistar.com/Legislation.aspx>

The Public Hearing will be open to the public and anyone interested may appear and be heard on this matter or submit a written statement. At the conclusion of the Public Hearing, on February 13, 2018, the Board will consider adopting the resolution setting garbage and recyclables collection service rates for County Service Area No. 8.

Any property owner in County Service Area No. 8 may file a written protest against the proposed rate increases. Although the Board will consider all input, State law provides that only written protests from property owners may be counted to determine whether a majority protest to the proposed increase exists. The Clerk of the Board must receive a written protest not later than the closing of the Public Hearing specified above to be counted. If a majority protest exists, the Board cannot impose the increased rates. If, at the conclusion of the Public Hearing, a majority protest of property owners does not exist, the Board will consider adoption of the proposed rates. **The written protest must include the property owner's name, property service address, assessor's parcel number (tax assessors parcel number), and the property owner's signature.** Written protests may be hand delivered or mailed to the Clerk of the Board at 400 County Center, Redwood City, California 94063. No more than one protest per parcel may be submitted.
